

Let's Hockey!

Hockey, is a stick and ball game with origins dating back thousands of years. It was traditionally played on grass, but these days, especially at the top levels, hockey is played on synthetic surfaces.

Apart from being one of the most successful Australian team sports at the Summer Olympics, hockey is a sport that can be enjoyed by all the family. It's a sport that isn't limited to any one time of the year either, as hockey can also be played as an indoor sport.

Hockey is a fast paced, exciting sport that anyone from any age can play all over South Australia and in fact the world.

7000 South Aussies all already playing the sport can't possibly be wrong.

so..... **Let's Hockey!**

Let's Hockey, the Hockey SA Schools Development Program, is a fresh and fun way of introducing school students to the sport of Hockey, giving them the same opportunity to strive for gold just like South Australian gold medallists Juliet Haslam and Grant Schubert or to simply just have fun with their family and friends.

Hockey SA will provide your school with a day of Hockey sessions with a focus on participation and enjoyment for all students.

Let's Hockey sessions are conducted by qualified Hockey SA coaches and allows students to practically learn about the basics of hockey in a safe environment.

In addition to the hands on session **Let's Hockey** will also benefit your school by providing the following:

- Access to 7 extra hockey session plans and other related hockey activities for students from the Hockey SA website
- Hockey Australia Community Coaching Accreditation for all teachers actively involved in the **Let's Hockey** sessions
- Information and contact details of the nearest Hockey Club and details of upcoming events conducted by that club
- Prizes and giveaways for participating students
