In Memorium

It is with great sadness we announce the passing of Adelaide Hockey Club Life Member Pat Murphy (nee Haigh). Pat had an incredible history in hockey, representing Aroha, South Australia, and Australia. Pat was part of the 1951 Australian team that defeated England, and this was considered "the coming of age for Australian Hockey and it changed the way players and officials felt about Australia's standing on the international stage". Pat was also a coach and player for Aroha and her Life Membership is testament to what she gave back to her club.

Pat is remembered for not always saying much but doing a lot on the field (from left or right inner) to make sure the goals were scored. Always composed and always fair, she was a great inspiration to her teammates.

Pat played for Aroha (Adelaide), South Australia and Australia.

Her first appearance for SA was in 1950 and then, after one tournament, she was selected in the All-Australian team from 1951-54.

In 1954 Pat played in every game at the International Women's Hockey Federation Tournament in England when Australia defeated England for the very first time.

Back home, family duties took over, but later Pat came back to hockey as the coach/manager of the first Aroha junior team and a selector for the State Schoolgirl's Team. Pat served on this selection panel for many years.

In the early eighties her interest in juniors took her to the series of annual hockey camps. These were run by the SA Hockey Coaches Federation at Mitcham Girls High School for 25 selected young players. Pat and her good friend Gwen Birt were the "House Mothers". David Curran was the head coach.

Pat maintained her love of the game at all levels but was so proud of the Gold Medal team at the Sydney Olympics in 2000.

State Representative: 1950 – 1954 Australian Representative: 1951 - 1954

In addition to these amazing accomplishments, Pat was a mother to 8 children including Lisa and Jane who also played for Adelaide, with both continuing to play for M5W. Carly, her granddaughter, currently plays for the club in the M4W team. They, and her extended family, are in our thoughts.

Vale Pat Murphy

Hockey SA
Annual Report 2020

CEO & Presidents Report

In what was a remarkable year for everyone, 2020 has thrown up a range of challenges but just as much opportunity for Hockey SA and we are delighted with the progress we have made throughout 2020.

Like any other year we had prepared for a winter season of hockey across the state with a range of player development programs, in school programs and the coordination of our representative teams. When COVID-19 struck our whole business, livelihoods of our staff and the hockey community, were placed on hold.

Throughout late March, April, May and June we regularly met with our Presidents from across South Australia and their passion and commitment to see hockey stand back up was a extremely motivating. On behalf of the Board & Management we would both like to thank all Club & Association Presidents for your commitment, time and passion for our game and getting your club members back out playing in 2020.

We would also like to sincerely thank the Association & Club volunteers for all of their additional work putting hockey competitions, programs and activities on in 2020. We understand the COVID-19 compliance measures provided a range of challenges for many of our clubs and you all did a fantastic job keeping everyone safe when engaging with hockey.

Together we were able to see hockey get back up and running in Port Lincoln initially in mid-June and a season kick off in Adelaide in late June. This prompt action ensured we delivered a 14-round season with finals for our Metropolitan members and 6 of our 10 regional associations conducted meaningful competitive club hockey seasons.

Throughout 2020 the Board and Management put our head down and reviewed our strategy and developed a new plan for the next four years. Furthermore, we focused on the consolidation of our overall governance and finance and introduced a range of new programs in player development, in schools and some alternative hockey in the summer (Hockey Sixers).

Throughout the year it was good to see the enthusiasm of all 10 Regional Associations in embracing the preparation for the school's roadshow for February 2021 and for their contribution to the early stages of the Competition Review.

From a financial perspective we had a strong year. Recording a surplus of \$229,000. This surplus is important in the context of our retained surpluses. A combination of careful management of our expenses, government support throughout the COVID-19 lockdown and the realisation of a range of new

programs and business in 2020 has assisted us in bouncing back from a challenging 2019.

The strong result ensures we can continue to invest in the school's program in 2021 and other initiatives focused on the strategic outcomes outlined earlier.

In July we launched the Fire Academy across Regional and Metropolitan South Australia providing a high-level player development program to over 300 of South Australia's emerging talent.

We would like to congratulate Port Adelaide Hockey Club who bounced back to become the 2020 Premier League Women champions with a dominant win over Adelaide in the October Grand final. In the Men's. Seacliff were superb defeating Adelaide.

In late 2020 Majestic Hotels was announced as our first team support partner of the Adelaide Fire for Season 2 of the Sultana Bran Hockey One League. We also released our Adelaide Fire team sponsorship prospectus. In the first quarter of 2021 we are looking forward to making a major partnership announcement. The early commercial support is critical to the overall success of the Fire team, both on and off the pitch.

Finally, we would like to thank the Hockey SA Board and Management Team for their efforts in 2020. The commitment has been incredible by everyone and been central to the successes of the year. The small staffing team of Nadine Hewson, Matt Morton, Todd Kitto and Max Bail were all instrumental in ensuring the organisation got through 2020. To the team of staff based in Melbourne who also ensured activities were coordinated and promoted (Elaine Zhao, Michael Fox & Patrick Rebakis) we thank you for your important contribution.

Together we have navigated an incredibly challenging year and on behalf of Hockey SA would again like to thank all of our Clubs & Associations for their passion, loyalty and hard work in 2020.

"2020 was a challenging yet rewarding year for our group of scholars with their continued hard work being rewarded with opportunities at various National tours and camps.

With limited interstate competition opportunities throughout the year, it was a year of development within the daily training environment.

SASI is proud to support Hockey SA in high performance in South Australia and we are very lucky in the state to have such a close working relationship"

Amy Hammond, Emma de Broughe and Hattie Shand were selected in the Australian Jillaroos team for a series against Japan in Canberra at the start of the year. All enjoyed the challenge and their time around the Jillaroos group under the guidance of the head coach, Tim White.

Jack Holland, Carly Hoffmann and Emily Cochrane were a part of the National Futures apart of the National Futures Squads in 2020 after being selected from Under 18 Nationals in 20 and attended a National Futures Camp in March 2020. The selection of the athletes in the Futures squad is confirmation of

Miki Spano, Hattie Shand and Lachie Busiko were all selected to attend a National senior selection camp in November 2020. This was a great opportunity for all who were a part of an internal series of matches in the Hockeyroos and Kookaburras programs to put their hand up for selection into the 2021 Seniors squads.

Hockey SA staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily on the pathway established by Hockey Sa staff and volunteer coaches have put into setting up a robust pathway for our young players in the star The SASI program relies heavily

Three SASI female athletes were retained in the 2020 Women's National Junior Squad; Amy Hammond, Hattie Shand and Emma de Broughe.

One SASI male athlete was retained in the 2020 Men's National Junior Squad; Fred Gray.

and outstanding players

The selection of 6 SASI athletes in their respective National Squads is a very pleasing outcome for the SASI program and great reward for the athletes. careers. We wish them the best in their future endeavours outside of National senior program and we hope to see the around the hockey in

Jack Holland, Carly Hoffmann and Emily Cochrane were a part of the National Futures Squads in 2020 after being selected from Under 18 Nationals in 2019 and attended a National 2020. The selection of the athletes in the Futures squad is confirmation of the hard work all of the Hockey SA staff and put into setting up a robust pathway for our young players in the state. The SASI program relies heavily on the pathway established by Hockey SA, and it's great to see reward for everyone's

With an extremely challenging year in high performance sport, we are very proud of our graduate athletes Gabi Nance, Jane Claxton and Karri McMahon. Jane Claxton continues to be a key member of the Hockeyroos squad in preparation for the Tokyo Olympics. And after outstanding careers with the Hockeyroos, we have farewelled Gabi and Karri from the National senior squad this year. Both having challenging years rehabbing longer term 2020. They have both been outstanding citizens and outstanding players through their Hockeyroos careers. We wish them all endeavours outside of the National senior program and we hope to see them around the hockey in South Australia in the near future.

Former SASI athlete Tom Wickham is enjoying being apart of the Kookaburras program, and we wish him all the best in preparation for the Tokyo Olympic Games.

After 9 years of being involved with the SASI hockey program as a scholarship coach and then the hockey program Head Coach, we have farewelled Tim White from the program and hockey in SA. Tim over his journey has played a vital part in developing athletes within the SASI hockey program and in the Hockey SA pathway. Not only has he impacted individual athletes, he has played a vital role in developing high performance hockey in the state of SA. Tim's mark on hockey in South Australia will be one that stays with us forever from having such an impact on so many people in the state. Tim has moved on to his next challenge as an Assistant Coach of the Belgian Women's National team and we wish him all the best. We hope to see him back around hockey in SA in the future.

All of the opportunities in 2020 came as a result of the athletes commitment to the daily training environment, hard work and dedication of the staff who work in the program. I congratulate all SASI athletes on their hard work throughout the year.

High Performance Report

The 2020 year kicked off with great excitement and lockdown throughout optimism from a High Performance & State Team perspective as we worked towards the Under 15 & Under 18 National Championships.

In March, as Australia went into lockdown, so did the hopes of our South Australian Under 15 & 18 Teams as the full calendar of National Championships were cancelled by Hockey Australia.

We went through a challenging time navigating flight and accommodation bookings and refunds for our representative team families.

We appreciate patience demonstrated by the community as we worked through the complex and unique situation.

As we emerged from the first lockdown in South Australia and recommenced club training and competitions, we delivered a range of return to hockey clinics during the June Long weekend. These super clinics were designed to provide players with an opportunity to get back out on the ground and

have a hit after the first March, April and May. A total of 40 Under 14's and 35 Under 17's participated in the super clinics. Goal Keeper camps attracted the following attendees four Under 13's, 3 Under 15's and 5 Under 18's.

These programs were well attended in Adelaide in advance of delivering a range of talent identification camps in both Regional & Metropolitan regions of South Australia to inform the selection of our inaugural Fire Academy in the July School holidays.

In the second half of the year we delivered Fire Academy sessions in Adelaide whilst supporting our Regionally located Head Coaches.

A total of 295 juniors (U13 x 120, U15 x 111, U18 x 64) engaged in our inaugural Fire Academy in 2020 which is designed to become the direct deeded and part of the Adelaide Fire Academy into the future.

The year was finished off with the final High Performance event of the year, the 2020 Super League.

This was a chance for all the potential Adelaide Fire athletes to get together and play a competitive series of matches with the 2020 Hockey One League cancelled for the year. Again, this series was interrupted by COVID in November. However, it did come to a conclusion in December with the final being played and won. This proved to be a very valuable exercise to bring the year to an end.

We want to thank the range of coaches and volunteers for their contribution to all High Performance programs in 2020. These programs can't have the level of success they do without you.

The Hockey SA High Performance department looks forward to working with each and every athlete, coach and volunteer throughout 2021.

- High Performance Department.

Officials Development Report

2020 was a difficult year because of the uncertainty of the season and it became exceedingly difficult to put in place a structured development plan for our officials.

We were fortunate enough to have Gary Belder and Bruce Murrie conduct a Level 1 umpiring course in Febuary. which was well attended.

In May Hockey Victoria put together an online Level 1 course for both Hockey SA and Hockey Victoria participants. 12 local umpires took part in the video presentation.

Hockey SA decided in 2020 to involve more of our younger national umpires into the role of umpire's coaches.

Nathan Jennings, Meg Bourne and Jackie Lewis Gray came on board and conducted several presentations for the Metropolitan Fire Academy athletes covering both umpire and player's point of views on rule interpretations.

No country association umpiring presentations were conducted in 2020 due to the COVID-19 situation.

A distinct shortage of umpires in 2020, due partly to the uncertainty of the season, made it difficult for some officials to commit.

As it has been in past years, the challenge of boosting the number of officials is ongoing.

Every effort will need to be made in 2021 to engage clubs in working towards improving the number of experienced officials in order to maintain our competition standards.

With the postponement of all National championships in 2020 none of our officials were able to travel and gain national level experience.

As South Australia was one of the few states to have an almost complete season it was decided that all national nominated officials were to be coached on a more regular basis by a variety of coaches during the season

During the later part of the season we were sorry to lose the services of Nathan Jennings our No 1 ranked male umpire to WA. Nathan has moved to WA for work opportunities.

As a member of the Hockey Australia appointments panel I was fortunate to be able to discuss our lack of nation umpires with Lynn Hill from Queensland, also a member of the national appointments panel.

Lynn has shown a great interest in our predicament regarding our lack of senior national panel officials.

The following umpires have been nominated for national championships in 2021

Meg Bourne, Jackie Lewis Gray, Chloe Andersen, Maya Standish, Tracey Fisher, Dylan Aird, Sam Custance, Jesse Isaac.

All final 2021 appointments will be selected by the national selection panels.

Hockey SA
Annual Report 2020

Women's Masters Report

Men's Masters Report

Fourteen teams, a total of 199 players, competed in the Women's Masters Carnival held at the Woodville Hockey Club (on both turf and grass fields) on Sunday the 1st of November, there was a range of country and metro teams. For the first time we split the teams into two groups, a serious competition and a social competition. The serious competition was won by the Hockey Hounds (Burnside) and the social competition was won by a combined team of Port Pirie and Grange.

Due to COVID-19 there was no national championships played and the Masters World Cups were also cancelled.

The South Australian Women's Masters Club Inc (formed 1999) met monthly on the fourth Tuesday of each month at the Brompton Hotel where matters relating to women's master's hockey were discussed.

During February some of the Women's Master's players travelled to Tasmania to compete in the Master's Carnival. The invite was extended due to the alliance formed with Tasmania in 2019.

Rebecca Anderson

SA Women's Masters Delegate

President of the South Australian Women's Masters club Inc.

2020 was an interesting year both on and off the pitch, after the success of teams in Bunbury/ Busselton in 2019 the future looked promising – we initially identified 6 or 7 possible teams to attend the 2020 championships scheduled as a split event with the seniors (over 45's and above) scheduled in June 2020 and the Juniors (over 35 and over 40) scheduled in September 2020 both at the Gold Coast.

The event had to be split to accommodate the various international events dates.

Then came COVID-19

Firstly, the events were postponed and then eventually cancelled. Apart from the local competition, the masters had a quiet year. However, behind the scenes the SAMMHA committee continued to function and plan for the 2021 National Championships.

These Championships will be held in Newcastle (NSW) in September and October and we are confident to be sending 5-6 teams, the final numbers will depend on availability and (of course) COVID-19. Details are becoming available and if there are any interested masters (age groups start from over 34's through to over 75's) please get in touch.

The domestic competition was won again by Adelaide University Hockey club.

Finally, a very big thank you to my committee for their efforts in a disruptive year, to our many volunteers that have assisted along the way, and to HockeySA for their continued support.

Hockey SA Annual Report 2020 21

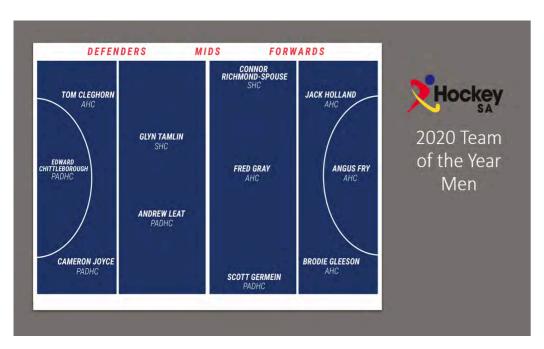

Awards Night

The 2020 Awards Night was presented in online format for the first time. Presented from the State Hockey Centre, clubs and associations held their own functions and connected online.

MC Ben Hook again delivered an excellent event supported by his extensive Hockey knowledge.

This year we had the honour of delivering three Hockey Australia Life Member awards to Rosie Stern, Bob Claxton & Cyril Dakiniewicz, the recipients attended in person to receive their awards.

In 2020 some of the awards from previous years were not relevant due to COVID limitations, the Team of the Year Award was reintroduced.

^{*}It should also be noted that outside formal Board Meetings of the Association the Board met between meetings to consider the broader impact COVID-19 had on the business.

Board Comittees

In 2020 the Hockey South Australian Board focussed hard on receiving the Sub Committee structure of the Board and sought to consolidate our sub committees and re establish new charters.

The three (3) official Board Sub Committees and charters which were ratified by the Board in 2020 were:

- · Finance & Audit Sub Committee.
- Risk & Governance Sub Committee.
- High Performance Sub Committee.

All three sub committees met on multiple occasions in 2020 with the exception of the Finance & Audit Sub Committee which for obvious reasons met where required due to the financial challenges faced through COVID-19.

All Sub Committees are scheduled to meet quarterly going forward with the exception of Risk & Governance who will be meeting on a monthly basis throughout 2021.

The Metropolitan Competition Committee (MCC) provided oversight and advise with regards to the 2020 Metropolitan Rules.

FINANCIAL HIGHLIGHTS **OFFICERS' REPORT**

31 December 2020

The officers present their report, together with the financial statements, on the incorporated association for the period ended 31 December 2020.

Officers

The following persons were officers of the incorporated association during the whole of the financial period and up to the date of this report. unless otherwise stated:

John-William Usher - Chair Anne Collins Derek James Jane Erskine Janice Silby Jason Foster Tom Cleghorn Tracey Powell

Obiectives

The Objectives of the Association are to:

- (a) participate as a member of Hockey Australia so hockey can be conducted, encouraged, promoted, advanced and administered in South Australia:
- (b) conduct, encourage, promote, advance and administer hockey throughout South Australia:
- (c) ensure the maintenance and enhancement of the incorporated association, Hockey Australia, the Members and hockey, its standards, quality and reputation for the benefit of the Members and

- between the incorporated association, Hockey Australia Objectives to be achieved and enable Members to receive and the Members in pursuit of these Objectives;
- (e) at all times act on behalf of, and in the interest of, the Members and hockey in South Australia
- (f) promote the economic and community service success, strength and stability of the Association, the Members and hockey in South

Australia:

- (g) affiliate and otherwise liaise with HAL and adopt its rule and policy framework to further these Objectives and advancement of these Objectives. hockey;
- (h) use and protect the Intellectual Property;
- (i) apply the property and capacity of the incorporated association towards the fulfilment and achievement of

these Objectives:

- U) strive for Government, commercial and public recognition of the Association as the controlling body for hockey in South Australia;
- (k) abide by, promulgate, enforce and secure uniformity in the application of, the rules of hockey as may be determined from time to time by Hockey Australia or FIH and as may be necessary for the management and control of hockey and related activities in South Australia:
- (I) advance the operations and activities of the incorporated association throughout South Australia;
- (m) further develop hockey into an organised institution and with these Objectives in view, to foster, regulate, organise and manage examinations, competitions, displays and other activities and to issue badges, medallions and certificates and award trophies to successful Members;
- (n) review and/or determine any matters relating to hockey which may arise, or be referred to it, by any Member;
- (o) recognise any penalty imposed by any Member;
- (p) act as arbiter (as required) on all matters pertaining to the conduct of hockey in South Australia, including disciplinary matters;
- (q) pursue such commercial arrangements, including sponsorship and marketing opportunities as are appropriate to further the interests of hockey in South Australia:
- (r) adopt and implement such policies as may be developed by Hockey Australia, including (as relevant and applicable) member protection, anti-doping, health and safety, junior sport, infectious diseases and such other matters as may arise as issues to be addressed in hockey:
- (s) represent the interests of its Members and of hockey generally in any appropriate forum in South Australia:
- (t) have regard to the public interest in its operations:
- (d) at all times promote mutual trust and confidence (u) do all that is reasonably necessary to enable these the benefits which these
 - Objectives are intended to achieve:
 - (v) promote the health and safety of Members and all other participants in hockey in South Australia;
 - (w) seek and obtain improved facilities for the enjoyment of hockey in South Australia; and
 - (x) undertake and or do all such things or activities which are necessary, incidental or conducive to the

Principal activities

During the financial year the association continued to be the controlling body for hockey in South Australia.

On behalf of the officers

John-William Usher Chairperson 12 June 2020

Adelaide, South Australia

General Information

The financial statements cover South Australian Hockey Association Incorporated as an individual entity. The financial statements are presented in Australian dollars, which is South Australian Hockey Association Incorporated's functional and presentation currency.

South Australian Hockey Association Incorporated is a not-for-profit incorporated association.

The financial statements were authorised for issue on 31 March 2021. The officers have the power to amend and reissue the financial statements.

Annual Report 2020

Notes to the financial statements 31 December 2020

Note 1. Significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern basis of accounting

The incorporated association generated a surplus of \$229,866 for the financial year ending 31 December 2020 (2019: loss of \$187,994). At 31 December 2020, the statement of financial position reflected a surplus of current assets over current liabilities of \$125,909 (2019: deficiency of \$139,368) and net assets of \$301,369 (2019: \$805,503)

The officers believe the going concern basis of preparation to be appropriate given that:

- The incorporated association continues to receive grant funding from the Office for Recreation, Sport and Racing to assist with its core business activities;
- The officers revised the business model to improve the financial position of the incorporated association;
- The officers are confident the incorporated association will achieve budget revenues and incur budget expenses under its revised business model: and
- The officers are satisfied the incorporated association is able to meet its financial obligations for a period of not less than 12 months from the date of this report.

As noted above, the incorporated associations continues to rely on grant funding from the Office for Recreation, Sport exercise its judgement in the process of applying and Racing to assist with its core business activities. Should the incorporated association no longer be entitled to receive grant funding from the Office for Recreation, Sport

and Racing, there will be uncertainty as to whether the incorporated association will be able to continue as a going concern. The financial statements must be read in the context of this dependency.

Impact of COVID-19 pandemic

At this stage, the officers of the incorporated association are unable to determine the impact on future activities of the incorporated association due to the COVID-19 pandemic. On this basis, the officers of the incorporated association are unable to determine the financial impact of the COVID-19 pandemic on the incorporated association beyond the date of signing the financial report.

Although the future impact of the COVID-19 pandemic on the incorporated association is uncertain, the officers of the incorporated association have determined that it will take sufficient actions to mitigate the uncertainty and have therefore prepared the financial report on a going concern basis.

Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards Reduced Disclosure Requirements and Interpretations issued by the Australian Accounting Standards Board ('AASB'), and South Australian legislation the Associations Incorporation Act 1985 and associated regulations. as appropriate for not-for-profit oriented entities.

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to the incorporated association's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where

assumptions and estimates are significant to the financial statements, are disclosed in note 2.

Revenue recognition

The incorporated association recognises revenue as follows:

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the incorporated association is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the incorporated association: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

Grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

Income tax

As the incorporated association is a not-for-profit organisation, it has been granted exemption from the Commissioner of Taxation for payment of income tax under section 23(g) of the Income Tax Assessment Act 1936 and 1997 as amended.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the incorporated association's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period: or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the incorporated association's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period: or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Annual Report 2020 31

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Trade receivables are generally due for settlement in 30 days.

Other receivables are recognised at amortised cost, less any provision for impairment.

Inventories

Stock on hand is stated at the lower of cost and net realisable value. Cost comprises of purchase and delivery costs, net of rebates and discounts received or receivable.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Financial assets at amortised cost

A financial asset is measured at amortised cost only if both of the following conditions are met: (i) it is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and (iii) the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

Impairment of financial assets

The incorporated association recognised a loss allowance for expected credit lossses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the incorporated associations assessment at the end of each reporting period as to where the financial instruments credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

Where there has not been a significant increase in exposure to credit risk since the initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next

12 months. Where a financial asset has become credit impaired or where it is losses. The amount of expected credit recognised is measured on the basis of the portability weight present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

For financial assets mandatorily measured at fair value through other comprehensive income, the loss allowance is recognised in other comprehensive income with a corresponding expense through profit or loss. In all other cases, the loss allowance reduces the asset's carrying value with a corresponding expense through profit or loss.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line basis to write off the net cost of each item of plant and equipment over their expected useful lives as follows:

Stadium improvements 4 to 40 years Office equipment 4 to 10 years Sporting equipment 10 years

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

An item of property, plant and equipment is De-recognised upon disposal or when there is no future economic benefit to the incorporated association. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss. Any revaluation surplus reserve relating to the item disposed of is transferred directly to retained profits.

Impairment of non-financial assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds it's recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-inuse. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cashgenerating unit.

Trade and other payables

These amounts represent liabilities for goods and services provided to the incorporated association prior to the end of the financial period and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Revenue recognition

The incorporated association recognises revenue

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the incorporated association is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the incorporated association: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

Grants

Grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts

through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

Income tax

As the incorporated association is a not-for-profit organisation, it has been granted exemption from the Commissioner of Taxation for payment of income tax under section 23(a) of the Income Tax Assessment Act 1936 and 1997 as amended.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the incorporated association's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the incorporated association's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Trade receivables

are generally due for settlement within 30 days.

Other receivables are recognised at amortised cost, less any provision for impairment.

Inventories

Stock on hand is stated at the lower of cost and net realisable value. Cost comprises of purchase and delivery costs, net of rebates and discounts received or receivable.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the

Depreciation is calculated on a straight-line basis to write off the net cost of each item of plant and equipment over their expected useful lives as follows:

Stadium improvements 4 to 40 years Office equipment 4 to 10 years Sporting equipment 10 years

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the incorporated association. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss. Any revaluation surplus reserve relating to the item disposed of is transferred directly to retained profits.

Impairment of non-financial assets

Goodwill and other intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds

its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-inuse. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cashgenerating unit.

Trade and other payables

These amounts represent liabilities for goods and services provided to the incorporated association prior to the end of the financial period and which are unpaid. Due to their shortterm nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including nonmonetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Fair value measurement

When an asset or liability, financial or nonfinancial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Goods and Services Tax ('GST') and other Note 2. Critical accounting similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, assumptions that are likely to affect the are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

judgements. estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. There are no critical accounting judgements, estimates and current or future financial years.

Note 14. Key management personnel disclosures

Compensation

The aggregate compensation made to officers and other members of key management personnel of the incorporated association is set out below:

	2020 \$	2019 \$
Aggregate compensation		131,089

During the 2020 financial year, the incorporated association entered into a shared services arrangement with Hockey Victoria. This arrangement included the provision of CEO services. Costs for these services are included as part of personnel costs and totalled \$107,000

Note 15. Contingent liabilities

Pines Hockey Stadium - management deed

The incorporated association has a management deed with the State Government for the management of the Pines Hockey Stadium and a deed of charge in respect of monies held in certain bank and other accounts relating to the management of the Pines Hockey Stadium. The incorporated association has undertaken to provide sufficient financial assistance, as and when needed, to enable the continued operations of the Pines Hockey Stadium.

Pines Hockey Stadium - replacement of playing surface

The current synthetic playing surfaces at the Pines Hockey Stadium were installed using funds granted by the State Government. It is anticipated that the amount and timing of any contributions by the incorporated association towards the future replacement of the playing surface would be determined by negotiation with the State Government upon completion of the Hockey SA Facilities Strategy Review.

Note 16. Commitments

Lease commitments - operating

Committed at the reporting date but not recognised as liabilities, payable:

	2020 \$	2019\$
Within one year	4,530	4,530
One to five years	7,549	12,079
	12,079	16,609

The incorporated association had no capital commitments for expenditure as at 31 December 2020 and 31 December 2019

Operating lease commitments include fixed contracted amounts for office equipment under non-cancellable operating leases expiring within one to five years.

Note 17. Related party transactions

Key management personnel

Disclosures relating to key management personnel are set out in note 14.

Transactions with related parties

There were no transactions with related parties during the current and previous financial period.

Receivable from and payable to related parties

There were no trade receivables from or trade payables to related parties at the current and previous reporting date.

Loans to/from related parties

(a) Board

The names of each person holding the position of Director of the association as at the date of this report are as follows:

John-William Usher - Chair

Anne Collins

Derek James

Jane Erskine

Janice SIIby

Jason Foster

Tom Cleghorn

Tracey Powell

(b) Benefits

During the financial year

- (i) No Director of the association, or a firm of which the Director is a member or body corporate in which the Director has a substantial financial interest, has received, or became entitled to receive, a benefit as a result of a contract between the Director, firm or body corporate and the association; and
- (ii) Other than remuneration received in the capacity of employee of the association, no Director of the association has received directly or indirectly from the association any payment or other benefit of a pecuniary value.

Annual Report 2020 41

Note 18. Events after the reporting period

Impact of COVID-19 pandemic

At this stage, the officers of the incorporated association are unable to determine the impact on future activities of the incorporated association due to the COVID-19 pandemic. On this basis, the officers of the incorporated associate are unable to determine the financial impact of the COVID-19 pandemic on the incorporated association beyond the date of signing the financial report. We also refer to note 1 of the financial statements.

No other matter or circumstance has arisen since 31 December 2020 that has significantly affected, or may significantly affect the incorporated association's operations, the results of these operations, or the incorporated associations state of affairs in future financial years.

In the officers' opinion:

- · the attached financial statements and notes comply with the Australian Accounting Standards Reduced Disclosure Requirements and South Australian legislation the Associations Incorporation Act 1985 and associated regulations;
- the attached financial statements and notes give a true and fair view of the incorporated association's financial position as at 31 December 2020 and of its performance for the financial period ended on that date; and
- there are reasonable grounds to believe that the incorporated association will be able to pay its debts as and when they become due and payable.
